Product Onboarding – Import Bulk Creation

Tips for completing the worksheet

The screenshot shows an Excel spreadsheet with the following columns: Product Name, Supplier, UPC Format, List of Product UI, Supplier Brand, Private Label Y/N, Unit Cost, MSRP Amount, Height, Depth, Width, and Dimensions. The 'Supplier' column is highlighted in blue. Red callout boxes with numbers 1 through 6 point to specific features: 1 points to the 'Artists Accessories' tab, 2 points to the 'Validate sheet' button, 3 points to the 'Supplier Brand' column header, 4 points to the 'Next error' button, 5 points to the blue highlighted columns, and 6 points to the bottom right corner of the spreadsheet grid.

Description / Steps

1. Click on the tab next to the Cover tab, in this example, Artists Accessories.
2. The buttons for Validate Sheet and Next Error are in the top left corner of the sheet.
3. The blue columns denote required fields. Complete all the required columns.
4. .

Tip

If you have multiple suppliers, the suppliers will have a drop list for you to choose the supplier.

Search and Export Screen

The screenshot shows the 'Advanced Search For Product' interface. At the top right, there is a 'Self-Help Menu' button and user information: 'WILLY FOOD CO INC(33664) • Danielle Hammond • English US • Main'. The search criteria are defined by three conditions connected by 'And' operators:

- Condition 1: Object type: BuySide Item (BuySide_Item)
- Condition 2: Search from List: Type in or paste list of entries here. Number of pasted entries: 0. CVS Item Number.
- Condition 3: Attribute: Item Status (AT_ItemStatus) = Active (2). Include inherited values:

Below these conditions is another attribute filter: RX Product Flag (AT_RXProductFlag) with a search bar and 'Include inherited values' checkbox. A 'Search' button is located below the filters. On the right side, there is a 'My Searches' panel with a saved search: 'Active Item Search For Sup...'. Below the search area is a table with columns: ID, Name, CVS Item Number, Item Brand Type, Category Name, Sub Category Name, and Segment Name. The table contains 8 rows of product data. At the bottom left of the table, there are buttons for 'Select all', 'Update Item(s)', and 'Export Smartsheet'. A 'Search' button is also present at the bottom left of the interface.

Description / Steps

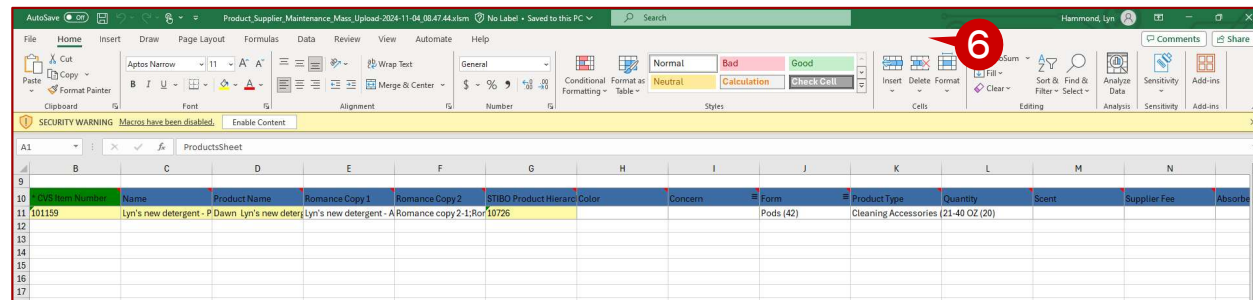

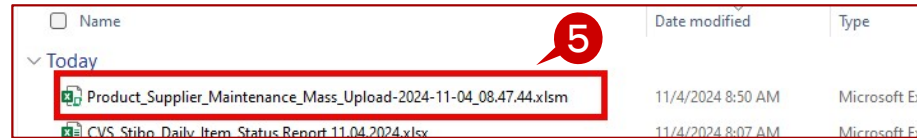

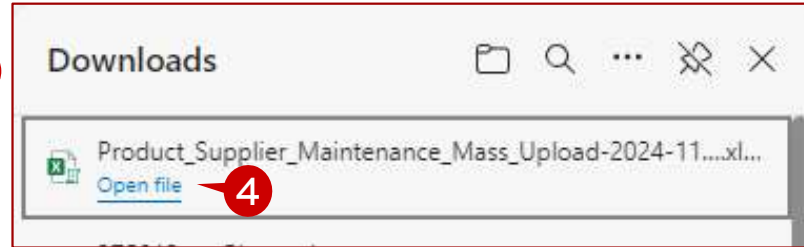

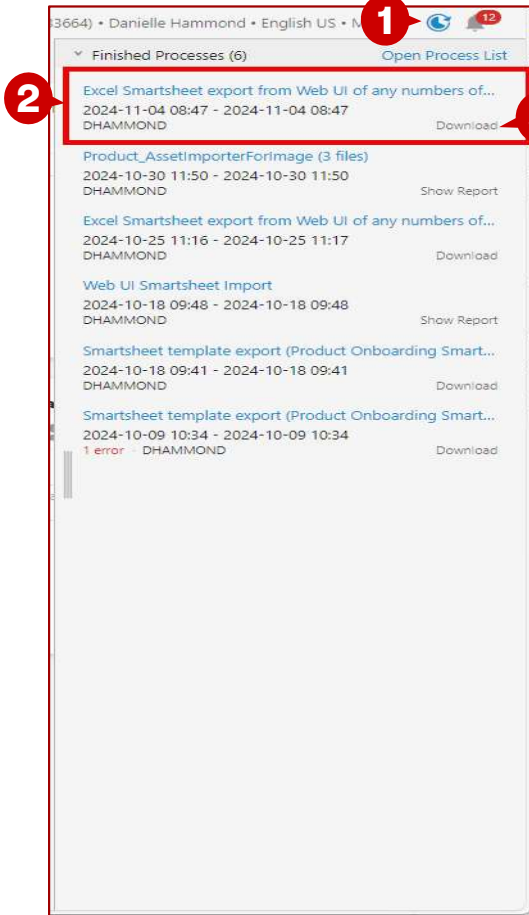

1. Click on Active Item Search
2. This will place the Search Criteria in the search window. Enter the criteria
3. Click on Search
4. Search results will display. Select item(s) for export.
5. Click on Export to Template.
6. The pop-up window will display, click on OK.

The 'Export Smartsheet' pop-up window is shown. It contains the text 'Export Smartsheet' and 'Choose Smartsheet Export Configuration'. A dropdown menu is set to 'Product Supplier Maintenance Export Smartsheet'. At the bottom, there are 'Cancel' and 'OK' buttons.
